

Guidelines for Parent/Guardian attending an Age Grade Training Session or Match.

Note only one parent/guardian can attend a training session or match.

On arrival in Highfield a parent/guardian has two options when dropping off their child;

1. The parent/guardian must complete a **Pre-Rugby Personal Assessment Declaration** and give this to the team compliance Officer. Once this is done parents/guardians can watch the training session/match from outside their vehicle. All HSE guidelines on social distancing and good behaviour must be observed.
2. If for any reason a parent/guardian **can't complete a Pre-Rugby Personal Assessment Declaration**, they either must remain in their car for the duration of time they are in Highfield or leave the ground immediately and come back at end of training session/match to pick up their child.
