

A solid start to our U16 season

Our U16's have played two friendlies in preparation to the start of the South Munster League. The team have a lot of new players playing at this level for the first time. Their first match away to Midleton

(24-12), wasn't the result we were looking for but it was the performance we needed to see where we needed work on. Some

good tries from Gene Kareem and Ryan Delaney. A short five days later saw them at home to Carrigaline. This performance (47-25) shows great promise for the season ahead. Tries from Jack K, Jack T and Cathal were pure magic with Ryan slotting kicks over with ease from anywhere. Many players, too many to name, played like their life's depended on it which

was so positive to see. **Well done lads!**
